

## Sundials

### Getting started

This case study comprises a collection of lesson plans, videos, handouts and other resources

Double-click on **Start** for an overview and index page.

Alternatively, the individual files can be opened from the **content** folder.

Although detailed teacher notes are provided, based on all the schools that trialed the materials please make sure you have worked through the materials in advance and feel free to adapt the materials to your own circumstances. The trialing teachers felt that their teaching skills were expanded as they worked at the frontiers of their knowledge.

### Hardware & software requirements

Most of this work is accessible on both a Mac and PC.

The video files will open on Windows Media Player and the avi files work on Macs using QuickTime Player.

*Adobe Reader* or similar is required to view the guides and handouts. Adobe Reader is available to download for free from:

<http://www.adobe.com/>

Microsoft PowerPoint or an alternative (such as [OpenOffice](#)) is needed to access the PowerPoint files:

Free viewers for [MS PowerPoint](#) and other MS Office file types are available from <http://office.microsoft.com/downloads>

OpenOffice is available from <http://www.openoffice.org>.
