

Clues

- The new kennel for the guard dogs is due north of the wooden hut and north-west of the large well.
- The guards have a new checkpoint south-west of the large well on the east side of the dirt track.
- There is a spring 240 metres due north of the midpoint between the temple ruins and the large well.
- The waterfall into the ravine is a quarter of a mile from the stepping stones.
- There is a cave due west of the temple ruins and exactly half a mile from the small well.
- Two large crocodiles have been seen near the rope bridge.
