

## Transcript 4.1: The team reach the bridge

*Night time. Just before dawn. The sound of insects.*

*The scene opens on the clearing by the bridge. Night vision and handy cams shots. The team is discussing options in whispers. In the distance, the guards can be heard.*

**JON:**

OK. Everyone all right? What's our status?

**ANNA:**

We've got the documents, recordings and videos. It's all here.

(We see waterproof cases and crates)

**ANDY:**

It's going to be dawn soon and they're going to find us. They're going to find us.

**WALKIE-TALKIE:**

This is Luke. Are you receiving? Where are you? Over.

**JON:**

Receiving. We're by the bridge – are you OK? Over.

**WALKIE-TALKIE:**

Yeah. I'm with the rest of the team. The rainforest is crawling with guards but I think we've found another route out of here. We'll organise an evacuation site down river. All that matters is that you and the evidence don't get caught. Just get to the clearing over the bridge.

**JON:**

OK. But the bridge doesn't look good. (*Shots of bridge in torchlight – not clear what the bridge is like*). I don't think it's going to hold more than 2 people at a time, particularly with all this kit. We lost some torches back in the jungle. We're down to only 2 ...

*ANDY's torch cuts out. He hits it to try to get it back to life. It's dead.*

**JON:**

OK. Make that *one* torch ... We're going to have to work out how to do this... Over.

**WALKIE-TALKIE:**

Make it quick! Those guards are no more than 15 minutes behind you! Get over that bridge and to the evacuation site! Over and out.

*The team gets on the move. Fade to black.*
