Use the feedback they provide at the end of each day to keep everyone satisfied.

YOUR BUDGET

You will start the tour with a total budget of £30,000.

The amount left at the end of the tour will depend on:

- Your choice of destinations
- Your choice of transport between destinations
- Your choice of accommodation.

Try to bring back as much as you can...

ESSENTIAL TOUR DETAILS

Your tour will last for 3 days and must start and finish at Mystery Tours HQ.

ACTIVITY 1 - TOUR DIARY

Your overall aim is to plan and lead a UK tour that will:

- keep your tour party satisfied
- make a substantial profit.

In this first activity, you will get to plan your tour using the Mystery Tours website.

Before you get started, don't forget to familiarise yourself with our company rules...

Getting Started

Click on the PC in Brian's office to access the Mystery Tours website (see screen shot A below).

Within your group, study the information that appears on screen (see screen shot B below).

Experiment with the website—in particular, observe what happens if you:

- click on the Mystery Tours HQ icon
- click on one of the destination icons
- click on the 'General', 'Travel' and 'Accommodation' tabs.

What do you think each section of the screen is meant to show?

Use the information on the Mystery Tours website to start planning your tour. Think about the needs of your tour party and the budget you have to work with.

Discussion Time

Take some time to discuss this problem with the rest of your group.

- How are you going to approach this problem?
- What information will you need to use?
- What overall strategy are you going to employ?

Write your comments in this space.

ACTIVITY 1 - TOUR DIARY

Creating Your Tour

Within your group, use the information provided to create your tour plan.

Use the tour planner table on the separate sheet to help you.

For each day of the tour, you need to decide:

- how many destinations to visit
- which destinations to visit
- which types of transport to use
- which accommodation to use.

Record your decisions in the spaces shown on the tour planner.

Make sure that you don't break any of Brian's company rules.

Finishing Off

Now, within your group, discuss the following questions.

- How satisfied are you with your tour plan?
- What are its main strengths?
- What are its main weaknesses?
- Does it mirror your group's strategy?
- Is it likely to meet all the requirements?

Write your comments in this space.
